CMS National Coverage Policy

- Title XVIII of the Social Security Act, Section 1833 (e). This section states that no payment shall be made to any provider for any claims that lack the necessary information to process the claim.
- Title XVIII of the Social Security Act, Section 1861(s)(3). This section outlines coverage for clinical diagnostic laboratory tests.
- Title XVIII of the Social Security Act, Section 1862(a)(1)(A). This section allows coverage and payment for only those services that are considered to be reasonable and medically necessary, i.e., reasonable and necessary are those tests used in the diagnosis and management of illness or injury or to improve the function of a malformed body part.
- Title XVIII of the Social Security Act, Section 1862(a)(7). This section excludes routine physical examinations.
- Medicare Program Integrity Manual (Pub. 100-08), Chapter 13. Local Coverage Determinations.

Coverage Guidance
Coverage Indications, Limitations, and/or Medical Necessity

Indications
CRP (C-Reactive Protein) is an inflammatory marker that has been studied to determine its role in screening, detecting and monitoring of many disease processes. Cardiovascular disease has been shown to involve an inflammatory process that may be correlated to various inflammatory markers including CRP, specifically hsCRP (high sensitivity).
Limitations

There is no current literature to support the use of hsCRP in the monitoring of coronary artery disease. Also, hsCRP is not covered as a screening tool. Therefore, hsCRP (CPT 86141) is a noncovered service.

Bill Type Codes:
Contractors may specify Bill Types to help providers identify those Bill Types typically used to report this service. Absence of a Bill Type does not guarantee that the policy does not apply to that Bill Type. Complete absence of all Bill Types indicates that coverage is not influenced by Bill Type and the policy should be assumed to apply equally to all claims.
N/A

Revenue Codes:
Contractors may specify Revenue Codes to help providers identify those Revenue Codes typically used to report this service. In most instances Revenue Codes are purely advisory; unless specified in the policy services reported under other Revenue Codes are equally subject to this coverage determination. Complete absence of all Revenue Codes indicates that coverage is not influenced by Revenue Code and the policy should be assumed to apply equally to all Revenue Codes.
